Dear Ron,

We would like to write to you and express our deepest thanks and appreciation for your work and dedication during our recent renovations and pew refinishing.

As with any congregation, this was a significant investment for us yet your personal commitment to ensure the entire project success was far beyond our expectations. From the personal visit to your availability in answering questions along the way, we thank you for that dedication.

In addition, the workmanship and the quality of the materials that were used on the pews continues to receive compliments from our members, even months after the installation.

In all, we are completely satisfied with the beautiful job you have done and the expeditious manner in which you performed it. Again, we extend our deepest thanks and appreciation for your work.

Sincerely,

Kevin Quincel
