To Whom It May Concern,

From Charles and Dolores Reutter
Co-Chairpersons of the First Presbyterian Church
Sanctuary Redecoration Committee

Greetings,

During the past eighteen months our committee has provided the leadership for a complete facelift for the sanctuary of the First Presbyterian Church of Mt. Gilead. Among the many aspects of this task were the replacement of the carpeting and the addition of pew pads. (Both seats and backs)

We selected the Eisenhower Church Furnishings of Ashland through a careful selection process and found Mr. Ron Eisenhower to be very helpful in both the decision making and the selection process. He was available when needed and showed a great deal of patience as the usual church committee process was working itself out.

Because Eisenhower Church Furnishings relies on skilled installation crews it behooves any customer to carefully monitor the installation and maintain contact with the supplier. We found that whenever a question or concern surfaced, Mr. Eisenhower was quick to respond. Our final product is greatly admired and will be enjoyed by the congregation for many years to come.

Sincerely,

Charles and Dolores Reutter
