Dear Ron,

I wanted to write this letter and let you know how happy Fr. Jack and the parish are with the new Pew Cushions and Kneelers.

The quality and comfort makes our church more inviting and comfortable, Two things that we value highly. It also keeps Fr. Jack on his game. He has to keep his homily's interesting/entertaining or people will doze off in there comfortable seats! ☺

The jig you made us was flawless. It took 3 of us about 3 hours to install 24 of the Jigged kneelers. Whereas it took 4 of us 4 hours to install the 8 custom kneelers. Your Jig was a Huge time and money saver being able to install them ourselves. A small church like us could have never afforded to hire out the installation. I also wanted to thank you for the timeliness of the order. Rarely do you get anything on time and you delivered, an extended order, 3 weeks early. This was impressive and appreciated as we had the comfort of removing and installing in good weather.

On a personal note... these kneelers are so comfortable I thank God for you every time I Kneel. The old kneelers almost made me become a Protestant! Ha ha (that joke was for Fr. Jack!)

Great job and may you have continued success in comforting us church folk.

In Appreciation,

Jim Kellogg

Council President

St. Anne Church Medical Lake, WA
