Dear Ron:

Thank you for making our kneeler experience so pleasant and easy. The Sanctuary looks great and we will dedicate the kneelers tonight - Ascension Thursday!! Not only were you and your staff responsive to our questions and concerns, but your prices were great.

I also write to thank you for contracting with Mr. James Thompson, the installer. James was a consummate professional and an incredibly hard worker. He got the job done in a less than a day. He was fun to work with and made our experience a memorable one. Thanks, again, for sending him to Tennessee! Let me know if you want to have people come by to look at the Sanctuary - it is glorious!

Continued blessings on your ministry! And I send you

God's Peace-
